The Association of Collegiate Schools of Architecture (ACSA) is pleased to announce the 18th Annual Steel Design Student Competition for the 2017-2018 academic year. Administered by Association of Collegiate Schools of Architecture (ACSA) and sponsored by American Institute of Steel Construction (AISC), the program is intended to challenge students, working individually or in teams, to explore a variety of design issues related to the use of steel in design and construction.

The ACSA/AISC 2017-2018 Steel Design Student Competition will offer architecture students the opportunity to compete in two separate Categories. Category I will challenge architecture students to design a TO BE ANNOUNCED. The project will allow the student to explore the many varied functional and aesthetic uses for steel as a building material.

Category II will be an OPEN competition with limited restrictions. This open submission design option will permit the greatest amount of flexibility with the context.

$14,000 of cash prizes were awarded for the prior year competition.

Program available AT http://www.acsa-arch.org
